

## Anchorage Dining Collection

Bold, modern and inspired by Art Deco decor, this round five-piece dining set a statement-making addition to your dining room. The tabletop is incredibly crafted with real black marble, which makes an eye-catching statement against the mosaic shell tiles apron. The ornately carved table base is finished in chrome and plays off of the cabriole style legs of the four dining chairs. Each dining chair is armless in design and features sensationally soft creamy white leatherette fabric to contrast the tabletop. Choose this modern and Art Deco style dining set that serves as a work of art in your home. • This collection with polished chrome and black marble finishes is perfect for a luxurious and modern dining space • Sculptural curves of the table base make a bold artistic statement • An apron of iridescent mosaic glass tiles graces the table edge • Table top is enhanced real marble with a special paper that is applied to ensure each tabletop has a beautiful marble pattern • Oval back chair design with curvy legs is reminiscent of fairy tale style
