Aico Furniture by Michael Amini was inspired by such outstanding and enduring architecture as the magnificent ancient ruins of Greece, palaces of Russia, from the sunny hillsides of Tuscany to the quaint, charming cafes of a crowded Paris street. Life and iconic people with a sense of style inspires Michael Amini. We live in a beautiful world, and all we have to do is observe it. In addition to Michael's passion for design and fashion, he strives to lead by example in producing unmatched quality combining Old World craftsmanship with the most modern production techniques. Michael believes that furniture should not only bring a beautiful and sophisticated aesthetic into the home, but provide functionality to meet the ever-changing needs of the consumer.
